## **Technical Data Sheet**

	Rev.1 10/2017
Recommendation:	- The surface must be dried prior to apply.
	- Do not use this product while raining.
	- The crack must be sealed before the primary coat.
	- Do not apply one time for high thickness, TOA Acrylic Wall Putty must be applied for
	several layers.
	- Wash all tools immediately after use with water.
USAGE RATE	
	: 0.5 - 1.5 kg / m² / 1 mm. thickness
LIANDI INC AND STODAGE	
HANDLING AND STORAGE	
Storage	: - Keep all containers well closed.
	- Keep in a dry cool place.
Shelf life	: 12 months in original packing.
PACKAGING	
	: 5 kgs., 25 kgs.container
HEALTH AND SAFETY	
	: Please observe the precautionary notices displayed on the container. Use under well ventilated
	conditions. Do not breathe or inhale mist. Avoid skin contact. Spillage on the skin should
	immediately be removed with suitable cleanser, soap and water. Eyes should be well flushed with
	water and medical attention sought immediately.
	: For detailed information on the health and safety hazards and precautions for use of this product,
	we refer to the Material Safety Data Sheet.
DISCLAIMER	
	: This information in this data sheet is given to the best of our knowledge based on laboratory testing
	and practical experience. However,as the product is often used under conditions beyond our
	control, we cannot guarantee anything only the quality of the product itself. We reserve the right to
	change the given data without notice.
